**Stat 198 Reader (Mike Leong) Jan 2017 – May 2017**

*Statistics Department at University of California, Berkeley*

- Help grade weekly quizzes and exams.
- Assist Professor Leong to organize the lectures.
- Mentor Stat 134 (Introduction to Probability) students to succeed in the class.

**Haas Young Entrepreneurs at Haas (YEAH)/Boost Mentor Sep 2015 – Dec 2016**

*Haas School of Business at University of California, Berkeley*

- As a mentor, I lead "group 1" of five grade 9 students with another two Berkeley students. I share my experience and guide the younger students to help them achieve their goals.
- As a mentor, I lead a group of grade 11, making presentations with the topic of advocating the needs of education for students.

**Math Lab Tutor May 2015 – Jul 2016**

*Math Lab at Diablo Valley College*

- Training students dropping in 1:1 or in groups for statistics, algebra, trigonometry, and calculus, 5 – 7 hours every week.
- Build great relationships with 200+ students, trying to encourage positive changes in them, in terms of math skills and habits.
- Help keep the math lab tidy and clean for students using the services there.

**Business Lab Tutor Sep 2015 – May 2016**

*Business/Accounting Lab at Diablo Valley College*

- Training students dropping in for managerial & financial accounting, statistics, and macro & micro economics, 3 – 6 hours every week.
- Troubleshoot business-related questions as an evaluator.
- Unlike the math lab tutor, I can also learn from tutees who come from different classes, since many professors do different but related projects for their classes.

## Research

**Neuroimaging Research under Professor Sylvain Baillet Sep 2018 – Present**

- Data analysis for multimodal electrophysiology and imaging such as MEG and EEG combined with MRI.
- Brainstorm software data pipeline flow fixation.

- Conduct MEG and EEG auditory performance experiments for long-term effects.

### **Conjoint Analysis Research under Professor Philip Stark      Feb 2018 – May 2018**

- Try to prove why conjoint analysis does not logically make sense in the market.

### **Honor Thesis under Professor Rasmus Nielsen      May 2017 – Nov 2017**

- Use Shell script to run fastsimcoal2 to simulate huge amounts of genomic and genetic data.
- Analyze data with Qpwave and Qpadam.

### **Research Intern under Professor Heather Haveman      Feb 2017 – Dec 2017**

- Work for Charter Schools and the Business Age: Manual and CS Coding of Websites for Text Analysis.
- Work with the Python/R coder teams to web-scrape and analyze the websites of every U.S. charter school open today.
- Clean the large data sets of dat, csv, and txt files, into the public readable data, to answer the question: “Which charters survive and thrive in this political climate—those that stress discipline and college-readiness, or those that prioritize independent thinking and socio-emotional development?”

### **Research Intern under Professor Daniel Kammen      Sep 2016 – Dec 2016**

*Renewable and Appropriate Energy Laboratory at University of California, Berkeley*

- Work for National Renewable Energy Deployment Research on SWITH project on Mexico region.
- Under professor Daniel Kammen (Professor of Energy and Resources), developing and applying data management skills (using relational database PostgreSQL, Python, Pandas, QGIS, web-scraping, data munging, and data visualization) and gaining exposure to national energy policy.
- Clean large datasets from various sources, and formatting appropriately, using R and Git.
- Build up different statistical analyses for the appropriate modeling of hydropower in Mexico.
- Build up analytical predictions for the future hydro-plant power generations.
- Wrote a scientific research paper on methods of forecasting future hydro-power generations.

## **University Service**

### **Stat 133 Final Exam Proctor      Dec 15 2017**

*Department of Statistics, University of California, Berkeley*

### **Disabled Students' Program (DSP) Note-taker      Jan 2017 – Aug 2017**

*DSP office at University of California, Berkeley*

### **Associated Students of University of California Finance Associate Director      Sep 2016 – Dec 2016**

*Administrative Department at University of California, Berkeley*

### **Associated Students at Diablo Valley College (ASDVC)      Aug 2014 – May 2016**

*PR & Activity, Diversity, Legislative, College Success, Curriculum, Budget Committee at Diablo Valley College*

### **Disability Support Services (DSS) Note-taker      Jan 2015 – May 2016**

*DSS office at Diablo Valley College*

## **Professional Service**

### **Machine Learning Internship      May 2017 – Aug 2017**

*IPMD*

**CFO/Co-Founder**      **Nov 2012 – June 2017**

*Onbi, Smartphone Application Co*

**Marketing Internship**      **Oct 2014 – Jan 2015**

*Transamerica*

## Community Involvements/Service

**Soccer Assistant Coach**      **Jul 2015 – Oct 2015**
